

i This page is a part of a tutorial, which you should follow sequentially, from the beginning to the end. [Go to the first page: Getting started with Kentico.](#)

Check out a related video: <https://youtu.be/nn9OFZ0Ly84>

The **Pages** application allows you to add and modify the content of your website. This is where you begin building your website.

The basic interface you will need in this tutorial:

- **Edit mode** – edit pages
 - **Page tab** – edit the content of pages
 - **Design tab** – edit the components (web parts) of pages
- **Preview mode** – see how the page appears to visitors

i How to work with pages
