

Subscribing to blog post comments

Visitors can subscribe when leaving a comment by checking the **Subscribe me to this blog post** check box. In this case, notifications will be sent to the e-mail address specified in the **E-mail** field above.

They can also subscribe without leaving any comment, by clicking the **Subscribe** link at the top of the **Leave comment** form.

Managing blog post subscriptions

You can view and manage your blog post comment subscriptions in the **My profile** application.

1. Open the **My profile** application.
2. Switch to the **Subscriptions** tab.
3. **Delete** or **Approve** your blog post comment subscriptions.

Blog post subscriptions			
You are currently subscribed to receive notifications on new comments added to the following blog posts:
