

Grouped page attachments are a more complex way of attaching files to pages in situations, when you want to attach more groups of files.

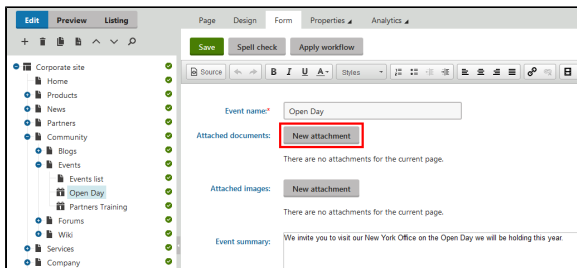

Prerequisite

Before you can attach grouped page attachments, the page type of your required page must have [grouped attachment fields](#).

To attach files to a page:

1. Open the **Pages** application.
2. Navigate to the page to which you want to attach a file.
3. Switch to the **Form** tab.
4. Click **New attachment**.

5. Choose the file that you want to attach.
6. (Optional) Repeat steps 4–5 to add more files to one or more fields.
7. Click **Save**.

The system uploads and saves the files. If the page is configured to display attachments, you will see the files on the page.
