You can manage your user profile in the **My profile** application. Using this application, you can:

- Set basic details of your profile, like nickname, e-mail, avatar and other settings on the **Details** tab.
- Set a new password on the **Change password** tab.
- View and cancel content notifications on the **Notifications** tab.
- View and cancel subscriptions to newsletters, blog posts, message boards, forums and reports on the **Subscriptions** tab.
- Create and manage personal categories on the **Categories** tab.
